August 2020

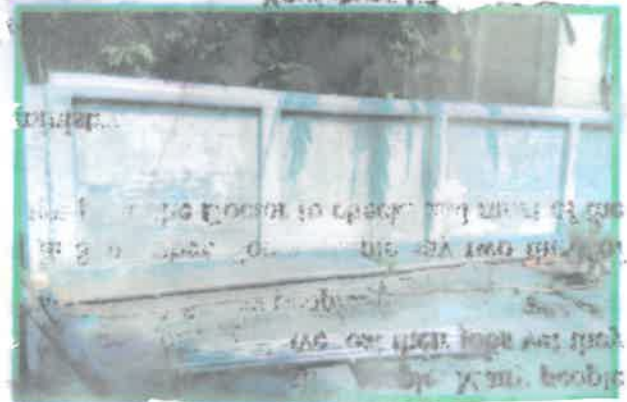

Dear Prayer Partner:

Greetings from Bangladesh. Because of this COVID 19 many of my church people lost their job. For example we have eight compassion projects with the church and each project has 14 people working. 1) One Manager 1) One Accountant 1) One social worker 2) Two Female Cook 1) One Helper 6) Six school Teachers 2) Two security men, From this month because of the shortage of funds and no school children, all the staff are fired except two. It means 12 people in each church project lost their job. Total 12x8=96 people in our churches lost their jobs.

As you know Bangladesh land is very low. Every year floods water from India and Nepal (from Mt. Himalaya) go through Bangladesh to the Bay of Bengal and inundated most of the part of Bangladesh. Last year one of the Pastor house and his church area went under water. Some lady from Michigan gave us some money which we have built a wall around his house. Praise the Lord no water came to his house this year.

Wall Under Construction

Wall Completed

I am doing time and several times in a week I am preaching by ZOOM to the Bengali people around the world. It seems Bengali people around the world are interested to listen to the Word of God. That is the good part of this COVID 19.

I attend a small church with maybe 15 people in it. This church gave 10 local Muslim people 1) 20 kg of rice. 2) 10 kg of potato 3) 3 kg of lentil. This is outreach to the local Muslim people. Many people are in need of jobs and food. I appreciate American people. Many of them have lost their jobs yet they are willing to help others. Thank you so much for your generous gift for my people.

All the schools in Bangladesh are closed. It may open in September. Some people say two third of Bangladesh people have COVID 19 positive. People do not go to the Doctor to check, and most of the time the wrong report comes.

Thank you so much for your prayer and support for our ministry.
