December 2020

Dear Prayer Partner:

Greetings from Bangladesh. COVID 19 caused a lot of trouble in the country. Many people in the country have COVID 19 positive. People do not want to go to the doctor for check up because most of the time the result is inaccurate. Another problem is people do not want to go the hospital because most of the time they affected COVID from the hospital.

Our government announced school will remain close until December 19th. Some of my Orphan kids writing their assignment which is given by the school in regard to get promotion to the higher class. A government official visited our office just before the corona virus began. He was very pleased to see the academic performance of our kids, cleanliness, attitudes etc. We are grateful to the Lord for that. My kids are eagerly waiting to go to school in January.

Construction of Khulna Church wall

Carrying broken bricks

Gideon Dhiman Roy one of my Orphan boys is the Pastor of that Church. The Lord has given me many opportunities to preach via Zoom. Many Bengali people around the world are interested about the Gospel because of the virus. This year Christmas will be different. We are planning to distribute Christian Literature, Bible and Christian Calendars to the non-Christian people.

Thank you so much for your prayer and support. You have a wonderful blessed Christmas and Happy New-Year.
