February 2021

Dear Prayer Partner:

Greetings to you from Bangladesh. The Lord is protecting us from all kinds of troubles. Many people are taking the Corona Virus vaccine in the country again many people are not interested in taking it.

Our Christmas was a little different this year. We went out to the market place and distributed Christian literature. One book I wrote about Jesus birth, death and resurrection which was distributed. Many people gladly received it and again many people rejected to receive any Christian literature. All the people those who received the literature and calendar were Muslim.

People reading Christian literature

Receiving Christian Calendar

Our orphan kids want to come back but still all the schools are close. Government saying to open school from the March. Several kids are staying with us. Bible College will begin from the 1st week of March.

Many of you knew Dr. Gene Gurganus. He was my spiritual father. On 2nd January passed from earthly home to the eternal home and enjoying the fellowship with the heavenly Father. He was 91. He was a missionary in Bangladesh.

Thank you so much for your prayer and support for our ministry.

In Christ
John Sircar
